

Navigating the virtual LMA Annual Conference

The Lobby is your starting point...

Access conference resources, view the schedule and see what is “Happening Now.”

The **Main Stage** hosts all plenary sessions including the keynote presentation, GC panel and daily ‘First Stop with Conference Co-Chairs.’

Tip! This stage also features the same chat and live polling features you will find in Breakouts.

Breakouts contains **all concurrent conference sessions and some social events.**

From here, you can move between the sessions of your choice, ask questions and comment in the chat function, take part in live polling and connect with your fellow attendees.

Tip! In sessions with multiple people, double-click any screen to enlarge it including the slides.

1:1 Networking area is a fast-paced, fun opportunity to **meet new people.**

Tip! Click the “Ready” button when you enter this area to be paired up at random with another attendee for a quick video connection.

Plan to visit the Expo Hall often;

it will be open before, during and after the conference. Use this opportunity to get details on new products and services from legal marketing service providers and meet your existing and potential partners over video chat.

Tip! Participate in the Exhibit Hall Scavenger Hunt for your chance to win great prizes!
